23/11/26	**SAAS**	**Estranged Student Solidarity Week 2026 (W/C 23/11/2026) –Resources for Estranged Learners** Estranged Student Solidarity Week Commencing 23/11/2026, we are delighted to share a selection of resources designed to help Estranged students understand the range of funding and support that may be available to them throughout their studies. Thank you for your continued support in widening access and promoting positive destinations for Estranged learners. If you have any questions or would like any additional information, please don't hesitate to get in touch.	The first resource provides an overview of the funding and financial support available from SAAS and can be viewed the following: SAAS - Student Funding - Get The Facts The second resource features an Estranged student sharing their personal experiences of education and accessing support. We hope that combining practical information with a lived-experience perspective will help reassure learners and encourage them to explore higher education opportunities with confidence.	Meet Kenny - Estranged Student (BSL) We would be grateful if you could consider promoting the resources through your networks and including them in any Estranged Student Solidarity Week communications, social media content, newsletters or awareness-raising activities planned for next week. The resources have been developed to raise awareness of the support available to Estranged students and to help learners make informed decisions about their educational journey. We hope they will be valuable resources for practitioners, advisers, carers and learners alike.
23/11/26	**IGD Employability Workshops**	We would like to invite you to join our fully-funded IGD Employability Skills Workshop We have just a few workshop dates remaining this term, including our special **Christmas-themed sessions!** Our Employability Skills Workshops give students a real insight into **careers in the food and consumer**	These **45 minute workshops** are delivered by a facilitator via Zoom. 16/11/26	**The Education Academy Scotland Scholarship**	**<u>Ignite Scholarship OPEN NOW</u>** Building on the tremendous success of its inaugural year, **The Gas Certification Company (GCC), in partnership with The Education Academy Scotland (TEAS)**, is delighted to launch Year 2 of The Ignite Scholarship. The Ignite Scholarship is a pioneering programme providing outstanding educational, practical skills development and career opportunities for young people across Glasgow, Lanarkshire and the west of Scotland, helping them take their first steps towards rewarding careers in gas engineering and related industries. Following an incredibly successful first year, the scholarship returns for 2026/27 with the same ambition: to raise attainment, develop practical skills, build confidence and open doors to exciting future career pathways.	The scholarship has two core offers:- **Expert educational support:** A comprehensive programme delivered by TEAS's fully qualified teachers, specifically designed to help scholars achieve the two key *gateway qualifications* to the industry: National 5 Mathematics and Physics. Through five Weekly Lessons for each subject, delivered on Saturdays at GCC's modern classrooms between January and March 2027, scholars will be given the best possible opportunity to succeed in their Qualifications Scotland examinations. **-Hands-on industry experience:** Meaningful, practical skills development led by GCC's experienced trainers in their state-of-the-art workshops. Scholars will develop skills in soldering, gas safety testing, programming, electrical work and other practical areas valued by employers. These workshops will take place alongside the Saturday teaching programme, helping young people connect classroom learning with real-world engineering.	Our ambition is that every young person completing The Ignite Scholarship leaves with more than improved qualifications and practical skills. We want them to feel inspired, confident and equipped to take their next steps into further education, apprenticeships and rewarding careers in gas engineering and related disciplines. **Interested? APPLY HERE:** https://forms.gle/GrG7E32okxwDbwh88 **Location:**
