

Through a blend of online Digital Resources, Interactive Employer Sessions and One to One support, young people can gain the insight, knowledge and skills they need to build their confidence and prepare for the world of work.

Employers can get involved and take a lead role in inspiring young people and shaping the future workforce.

Why get involved?

- ✓ Make a difference to the lives of young people including those who face the biggest challenges
- ✓ Connect with a diverse range of young people who can bring wider life experiences, new ideas and skills
- ✓ Feel connected to your local community, enhancing your profile as a local employer of choice
- ✓ Motivate your team through wider development opportunities, increasing productivity

How?

The DYW Skills Academy is for young people in senior phase, in particular those preparing to leave school.

Digital Resources - Employers have developed a package of online resources to help young people explore skills and pathways to jobs and careers

Employer Sessions - Share your experiences of the workplace and help prepare young people for the world of work by delivering interactive sessions in the classroom

One to One Support - Share your expertise and support young people to be successful in applying for jobs by reviewing a young person's CV or by participating in mock interviews

Employer Sessions

These sessions are already created, we just need employers to deliver in schools or virtually.
