24/03/25	<b>Young Stem Leader</b> 	<b>North Lanarkshire Tutor Assessor Training Levels 2-7</b> <b>Tue, May 06   Coatbridge High School</b> Become a Tutor Assessor for both the non-formal (aligned to Curriculum for Excellence Second, Third and Fourth Level) and formal (aligned to SCQF Levels 4-7) YSLP. Most suitable if you work with young people aged from upper primary to ages 16+ Open to all educators in North Lanarkshire Council.	<b>Time &amp; Location</b> May 06, 2025, 9:30 AM – 12:00 PM Coatbridge High School, 17 Park St, Coatbridge ML5 3NP, UK  <b>About the Event</b> Want to empower young people to inspire, lead and mentor their peers in STEM? Join over 1000 Young STEM Leader Delivering Centres across Scotland.  The Young STEM Leader Programme (YSLP) is an exciting leadership award which aims to spark greater interest and participation in STEM among young people in Scotland. The Scottish Government funded programme is led by SSERC.	As well as allowing Young STEM Leaders to develop important leadership, communication and employability skills, working towards a Young STEM Leader Award will also motivate the young people to continue to progress their STEM studies and perhaps eventually embark on a career in STEM. Above all else, this programme aims to promote STEM curiosity in young people in a fun and engaging way.  <b>Sounds Like you?</b> Find out more information here: <a href="#">North Lanarkshire Tutor Assessor Training Levels 2-7   Young STEM Leader</a>  <b>North Lanarkshire Tutor Assessor Training Levels 2-7</b> Tue, May 06 <a href="#">Events   Young STEM Leader Programme</a>

Ongoing	<b>Centrica/ British Gas</b>	<b>Centrica British Gas Open Day Opportunity- ALL SCHOOLS</b>	At Centrica, they have a number of opportunities to showcase what they have on offer as a business	The majority of the stalls will be interactive so the pupils will get involved and learn more about each role.

All information has been shared to school coordinators with an interest in Developing the Young Workforce, Skills Development Scotland and the events programme highlighted for Lanarkshire & East Dunbartonshire. Offers highlighted are targeted for DYW Champions to cascade the Scottish Government DYW priorities.

Please find below an opportunity to engage with the Centrica British Gas teams for a Careers Insight & Pathways Open Day. This opportunity is available for all schools to negotiate the best time to suit both your school and the employer.

I have attached some of the pictures from the event we held in November, as part of our Bothwell Futures engagement programme. This gives you an idea of the depth of support on offer from the employer to inspire the next generation of apprenticeships etc into their business.

- Contact Centre (get an overview of customer calls, get opportunity to listen to customer call and see how they could resolve this)
- Learning & Development (speak to our training teams and learn about their own career journey)
- Smart Metering live demo boards, look at safe/unsafe situations)
- Recruitment (speak to our team and learn about apprenticeships on offer, covering qualifications required, training schedule & salaries)
- Net Zero/Installs (speak to our installers and learn about central heating as well as Net Zero Air Source Heat Pumps)
- Electrical Services (speak to our engineers and learn more about their day-to-day role)
- Boiler Service and Repair (speak to our engineers and learn more about their day-to-day role)
- Safety (speak to Safety Rep, look at the PPE we use and discuss why it's important)

Karim Awadia is leading on the event and he would be happy to put a call or invite teachers over for an engagement session ahead of any event, if you think this would be beneficial.

Please reach out to Karim to coordinate for your school or let us know if you have any questions.

17/03/25	<p><b>SSERC</b></p> 	<p><b>SSERC have received funding from CITB (Construction Industry Training Board) to run an SSPP opportunity for secondary teachers with their Go Construct STEM Ambassadors.</b></p> <p>We have confirmed 2 placements – one of these is with Wills Bros Engineering in Motherwell/Glasgow and this is where I am hoping you can help fill the spots.</p> <p>Opportunity for teachers with Go Construct STEM Ambassadors</p> <p>SSERC are bringing secondary teachers in Scotland an immersive and hands-on experience in industry, which aims to increase knowledge of STEM career pathways and highlight the practical applications of the curriculum. Funded by CITB (Construction Industry Training Board), this is part of the SSERC product Scottish STEM Placement Programme (SSPP): Teacher Education.</p>	<p>The programme involves a 2-day placement in industry in June with a follow up activity for students later in the year. This opportunity will be particularly relevant for technology and physics teachers, but I think there is opportunity for all to learn about careers and the varied opportunities available in construction.</p>  <p>If you would like to find out more information regarding this opportunity, then please contact: Debbie Mathers Programme Manager, STEM Ambassadors in Scotland, SSERC</p> <p>Phone 01383 626070 Web <a href="http://www.stemambassadors.scot">www.stemambassadors.scot</a> Email <a href="mailto:debbie.mathers@sserc.scot">debbie.mathers@sserc.scot</a></p>	<p>All information is in this blog: <a href="https://www.stemambassadors.scot/post/opportunity-for-teachers-with-go-construct-stem-ambassadors">https://www.stemambassadors.scot/post/opportunity-for-teachers-with-go-construct-stem-ambassadors</a> And you can sign up HERE:</p> <p>Through the Go Construct STEM Ambassador Scheme, volunteers from industry will support teachers during a 2-day placement. The placements will include an office-based day with an introduction to the company, opportunities to collaborate and plan and a site-based day where there will be practical experiences. After the placement, the teachers and Go Construct STEM Ambassadors will work together to deliver an activity to learners – this could include an in-school activity, a site visit or a career focused activity.</p> <p>This year, Robertson in Aberdeen are offering 5 placements to teachers in the local area, and Wills Bros Engineering based in Motherwell are offering 5 placements to teachers from the surrounding area, including wider Glasgow. To find out more about the placements and to apply, take a look at the adverts - <a href="#">Robertson, Aberdeen</a> (sign up <a href="#">here</a>) and <a href="#">Wills Bros Engineering, Motherwell/Glasgow</a> (sign up <a href="#">here</a>). The deadline for applications is 11th April.</p>

		<p>Delivery Team, you'll help shape the future of Scottish Water. Our business is evolving to keep up with modern life, customer expectations, and environmental challenges – all while continuing to deliver essential water and waste water services across Scotland. And that's where you come in.</p> <p>Over 4 years, you'll develop key skills in data analysis, business intelligence, and problem-solving, working alongside experienced professionals. You'll support business change by gathering and interpreting data, improving processes and helping teams work smarter with tools like dashboards and automation.</p> <p>It's not just about the numbers - you'll also get hands-on experience in delivering transformation projects, working with teams across Scottish Water and our delivery partners. You'll learn how we plan, communicate and implement change, making sure projects run smoothly and deliver real benefits.</p>	<p>You'll challenge and stretch yourself. We're here to help you make the most of your skills and abilities with first-class training, support, and a big investment in your development.</p> <p>In your first two years, you'll work towards an SCQF Level 8 qualification in Data Analytics, with the option to progress to a Graduate Apprenticeship from your third year. Throughout your journey, you'll be supported by expert trainers and assessors from our external training provider.</p> <p>Earn as you learn. You'll start on £23,840, with clear, scheduled pay increases as you reach key milestones throughout your training. You'll also be eligible for an annual bonus and a great pension scheme.</p> <p>Job security. The vast majority of our apprentices choose to stay with us after completing their programmes. Many people even spend their entire careers with us! Some go on to become team leaders or managers, while</p>
