EXAM RESULTS WEEK IS ALMOST HERE! 🎉

With exam results being released next week, it's an exciting time for young people planning their next steps. We'd like to remind everyone about the Early Learning and Childcare Modern Apprenticeship opportunities we currently have available.

Any applicant requires to be of the age: 16-19years, and have a genuine interest in developing the young minds of children aged 0-5years in a Private Nursery or Out of School Care Setting whilst gaining their qualification through Carousel Training Centre.

Any questions, then please reach out to Karen Fleming.
Karen.Fleming@carouseltraining.com

We are interviewing most applicants within 72 hours of applying (depending on vacancies and opportunities available in their local area).

We have attached below a link to an information video where our lovely Laura Porch, who is one of our Marketing Officers, explains the job role and training in order for any young person to consider this as a career choice.

Please listen to the link and share with your team and young people.

young people in South Lanarkshire and neighbouring areas to access a rewarding career in the gas engineering sector. The opportunity has two core offers:

a complete programme of educational support from TEAS's fully qualified teachers - specifically to attain the two key "gateway qualifications" to the industry: National 5 Maths and Physics. With a series of 5 Weekly Lessons and 1 Grade Booster Day for each subject via Saturday morning sessions in GCC's modern classrooms across January to March in 2026, Ignite Scholars will be given the best possible chance of success in their SQA exams.

delivery of meaningful, developmental and sought-after industrial experience in the gas engineering sector with hands-on skills development activities led by GCC's talented and skilled trainers at their state of the art training workshops, covering: soldering, gas safety testing, programming, electrical skills and other key practical abilities that sector employers look for in new recruits.

opportunities available to them locally and nationally
be given CV, interview and employability guidance
understand the key requirements/expectations that employers and colleges have for new apprentices
build their self-confidence and meet new peers and adults to enhance their communication and employability skills.

It is hoped that the young people who complete the scholarship will be left not just with the necessary qualifications, skills and knowledge to enter the industry, but that they will be fully inspired and encouraged to learn and work in the gas engineering and its related disciplines.

All of the classes and workshops for The Ignite Scholarship will take place at GCC Headquarters, Third Road Blantyre Industrial Estate, Blantyre, Glasgow, G72 0UP

Education Academy Scotland

The Catherine McEwan Foundation Scholarship

The [Catherine McEwan Foundation Scholarship](https://catherinemcewanfoundation.com/the-catherinemcewanfoundation-catherine-mcewan-foundation-scholarship-all-in-for-education/) is an innovative and exciting opportunity for young people living with Inflammatory Bowel Disease (IBD), Crohn's Disease or Colitis and who are in, or approaching the senior phase of high school. The scholarship recognises the need for these young people to gain enhanced educational support and gives them exactly that, providing access to the highest quality tuition and revision, helping them to maximise their learning and chances of success in SQA courses and into further study or career pathways.

Open for Application Now!!!

APPLY HERE:

<https://catherinemcewanfoundation.com/the-catherinemcewanfoundation-catherine-mcewan-foundation-scholarship-all-in-for-education/>

The scholarship is offered through a unique and pioneering collaboration between The Royal Hospitals for Children in Glasgow and Edinburgh, The Education Academy Scotland – Scotland's premier tutoring school – and of course, The Catherine McEwan Foundation.

Being diagnosed with Inflammatory Bowel Disease can have a huge impact on young people, and particularly their education. They can often miss out on learning and development opportunities at school due to low attendance or inability to fully concentrate for the entirety of the school day. The Education Academy Scotland, in partnership with The Catherine McEwan Foundation, is providing a solution for those young people who are affected at such a crucial stage in their life.

Scholarship applications are made via the Catherine McEwan Foundation website and require the learner to complete a web form, providing details of their current education status to the charity. A personal statement is also required from the candidate and their parent or carer. The scholarship team will also seek a reference from the applicant's school and IBD nurse. When an application is received, we will then engage with the potential new scholar, their parents/carers, and their referees. If selected, these young people will be given enhanced educational support through a series of learning programmes at The Education Academy Scotland to maximise their chances of success in SQA exams.

The Scholarship is fully funded, offering young people unlimited access to our highly successful and long-standing portfolio of support, including:

- Monthly Masterclasses
- Weekly lessons
- Grade Booster Days
- The Education Academy Scotland is Scotland's premier tutoring school offering lessons, tuition and revision in SQA National 5 and Higher Maths, English, Biology, Chemistry and Physics.

We are also an SQA Approved Centre and therefore offer full National Qualifications for adults, school-aged
