| <p>02/03/26</p> | <p>Heriot Watt University</p>  | <p>Scottish Apprenticeship Week Events</p> <p>⚡ Bridging skills gaps in critical technologies - SIGN UP today! ⚡</p> <p>Heriot-Watt is partnering with Technology Scotland to bring you a practical in-person event, focused on developing skills and talent for Scotland's rapidly evolving Critical Technologies sector.</p> <p>The Critical Technologies Supercluster has ambitions to grow to £10bn in revenues by 2035. To support this growth target, it is estimated that the sector will need to create at least an additional 6,600 highly-skilled jobs. This level of job creation will need the sector to explore all available talent pathways - including apprenticeships.</p> <p>💡 What can you expect from the session? 💡</p> <ul style="list-style-type: none"> ✓ develop your understanding of the skills landscape in critical technologies. ✓ learn more about how Heriot-Watt's Graduate Apprenticeships are a highly cost-effective solution for developing talent. | <p>💡 Unlock your engineering talent Sign up today! 💡</p> <p>Heriot-Watt's highly flexible Engineering Design & Manufacture programme is the only Engineering Graduate Apprenticeship with specialist pathways in Electronic and Mechanical engineering. This practical webinar is aimed at engineering and manufacturing employers who are looking to fill critical skills gaps by attracting new talent and/or upskilling existing employees. The aim of the webinar is to give you a better understanding of how our Engineering programmes can fit into your business model and help you develop a talent pipeline.</p> <p>We're delighted to welcome Kelly Fraser, Technical Manager (and former Graduate Apprentice!) and Sarah Stark (current apprentice) from Diageo. They will share their experience and insight into how Graduate Apprenticeships have benefited the business.</p> | <p>👉 SIGN UP for our new webinar - Developing your Workforce Civil Engineering</p> <p>In this Heriot-Watt will explore key ways to help Civil Engineering firms develop the essential skills and talent needed to meet industry challenges.</p> <p>💡 Why you should attend 💡</p> <p>In this event, you'll learn more about talent solutions and professional development opportunities for the sector. Specifically:</p> <ul style="list-style-type: none"> ✓ Learn more about fully-funded Civil Engineering Graduate Apprenticeship from Heriot-Watt. ✓ Elena Rinaldi, Academic Partnerships Manager, will provide insight into professional development opportunities available via ICE Scotland. ✓ Hear first-hand from one of Heriot-Watt's key employer partners, Story Contracting, about how Graduate Apprenticeships have positively impacted the business. <p>📍 ONLINE</p> <p>📅 Tuesday 17 March, 12pm to 1pm</p> <p>SIGN UP HERE ></p> <p>https://www.eventbrite.co.uk/e/developing-your-workforce-civil-engineering-tickets-1983356626059?aff=dyw</p> |

| | | <p>Do you ever think about the engineering that connects communities across Scotland? From the bustling lines linking our eight major cities to the serene routes through the Highlands, we manage a diverse railway network that serves everyone—from local residents to travelling tourists.</p> <p>Well, here at Network Rail, we do. It's our passion and purpose.</p> <p>Locations: Aberdeen, Carstairs, Cowlairs, Dumfries, Dundee, Inverness, Larbert, Motherwell, Paisley, Portobello, South Gyle, Yoker</p> <p>Salary: £21,477</p> <p>Start date: August 2026</p> | <p>To apply, you'll need a minimum of National 5s (or above) in English, a Science, and Maths (excluding Applications of Maths) at Grades A-C, along with one other subject at Grades A-C or equivalent. And don't forget—you need to be aged 18 or over on or before September 2026 to come onboard the scheme.</p> <p>It gets better! If you've completed a Foundation Apprenticeship or a relevant engineering qualification, you'll be ahead of the game. We'll need you to provide evidence of your qualifications and demonstrate the skills you've gained through your studies.</p> |  <p>Make tracks in a career where your unique perspective inspires innovation</p> <p>Join Network Rail's Engineering Apprenticeship programme in Scotland</p> <p>Ever wondered how trains safely connect Scotland's communities, from bustling cities to the Highlands? Behind every journey is a diverse team of engineers solving complex challenges to keep the nation moving. Whether it's maintaining thousands of miles of track, preparing for the impacts of climate change or using innovative technologies to keep the railway safe, there's a place for your skills and perspective.</p> <p>Our three-year Engineering Apprenticeship will empower you to learn from experienced mentors, earn a qualification, and explore exciting career paths. People from all walks of life bring value to our team, and we're committed to welcoming talented individuals who are ready to make an impact.</p> <p>Are you ready to take your career full steam ahead? Join us, and let's make Scotland's Railway a reflection of everyone it serves.</p> <p>Search 'Network Rail apprenticeships' or scan the QR code to find out more</p>  |
