### What is GROW?

Glasgow Regional Opportunities for Work is an innovative programme aimed at connecting young people between S3 and S4 with meaningful insights into the world of work and the career opportunities available across various industries. GROW focuses on 8 key themes which can be fluid and transferable across a variety of sectors:

- Creative Industries
- Digital & Technology
- Finance
- Health & Wellbeing
- Hospitality & Retail
- Housing
- Net Zero & Renewables
- STEM

### How does it work?

The programme runs over two years across the whole Glasgow City Region. Currently, we are focusing on Year 1 and looking for employers to host at least one workplace visit.

- Year 1: From January 2026, groups of 10, S3 pupils will visit your workplace between 10.00am - 2.00pm, on a Tuesday, Wednesday, or Thursday, to gain insights into your sector through interactive activities. Support in developing day plans for activity is available. A youth worker will transport and accompany the pupils and lunch, if not provided, is covered by the GROW team.
- Year 2: Pupils will have the opportunity to complete a one-week individual work experience placement.

### Why get involved?

- ✓ Inspire the next generation
- ✓ Build your brand and community connections
- ✓ Identify future talent
- ✓ Make a real impact in your region
